Dear Parents and Carers,

As we move towards a greater number of students learning from home in response to the COVID-19 pandemic, I wanted to ensure that clear communication is in place so that students can continue to learn. I will endeavour to provide updates via letter, school website and school Facebook account.

As per the most recent update, school remains open however, parents are encouraged to keep their children at home and it is envisaged that only the children of essential service workers will be in attendance at school.

For those of you who have elected to keep your children at home you are able to contact your child's teacher at the school on 6025 2832 or on the school mobile at 0436 659 214. Teaching staff will make regular contact with students who are learning from home via email or phone to catch-up/check-in regarding their learning progress.

Teachers will be available to be contacted via email between 9am and 3pm when they will reply to any questions or queries in a timely manner. Please be understanding that teachers are currently catering for a significant number of students both at home and at school. As such, timely communication may be adversely impacted. A list of email addresses of teaching staff will be attached to this letter for your reference along with instructions for how students can access online learning from home.

For students who continue to attend school, please remember to provide adequate food for your child each day. Due to current health advice, canteen facilities are now closed at all schools. We will continue to provide a breakfast program each morning for students who require this.

I appreciate your support and patience at this time as school staff work towards providing home learning activities for students. Please visit the Department of Education's '*Learning from home*' site for more information on how you can support your child to continue learning from home. <https://education.nsw.gov.au/teaching-and-learning/curriculum/learning-from-home/advice-to-parents-and-carers>

Regards,

Anthony Daley

Principal (A)
